THE HONOURABLE ROBERT G. ELGIE, M.D. REGISTRAR GENERAL

#### Foreword

I take pleasure in presenting the 111th Vital Statistics Report compiled by the Office of the Registrar General. This report is prepared in two parts.

Part I consists of an analytical survey of the vital statistics of the Province in the form of summary tables. Its objectives are to indicate the trend over the past several years, to bring to light several major causes of death and to summarize vital statistical data for 1982.

Part II comprises detailed tables covering various aspects of vital statistics for the Province of Ontario in 1982.

In conclusion, may I state that, while this report is primarily of interest to certain professions and agencies, it will give other interested persons an insight into the vital statistics concerning births, deaths and marriages in the Province of Ontario.

Registrar General

SIR.

I have the honour to submit for your approval the One-hundred-and-eleventh Vital Statistics Report made in conformity with and under the provisions of the Act respecting the Registration of Births, Marriages and Deaths in the Province of Ontario, for the year ending December 31st, 1982.

I have the honour to be, Sir, Your obedient servant,

Deputy Registrar-General

Kosemarie Wapkin

To THE HONOURABLE ROBERT G. ELGIE, M.D.

Registrar General of Ontario

# PART II Detailed Tables, 1982

The list of incorporated urban places shown for the year 1982 includes all places incorporated under provincial laws as cities, towns or villages, according to 1981 June 1 Census, and having 1,000 population or more at the time; it also includes changes in incorporation status, annexations, changes of name, etc. affected since the 1981 Census. Statistics are also given for certain other urbanized areas such as townships.

For changes in status see Appendix at end of report.
